### A Message from our CEO

This week is all about change at our GORH-Apollo Bay campus!

We are excited to share that the building works to the medical centre and the community services area will commence soon. We are currently out to tender for a builder. This works will mean:

- More consulting rooms, we are at capacity now we have more GPs and visiting services.
- A waiting room and reception area for the Apollo Bay Medical Centre, the Child Care Entrance will change to enable these works.
- Reconfiguration of the Treatment Room
- Refurbishment of offices and shared working areas to enable more efficiency and better working conditions.
- Update of the staff kitchen and meeting room.

This will give the area a much needed facelift, make better use of the space and will also allow us to accommodate more visiting services.

We have been changing the way we handle pathology in June in preparation for the change of pathology providers. We hope that with the change, you will have a better and more consistent experience.

Have a great week

Sandy

### Social Support Outings
